TEMPO Reading Outreach offers four dynamic hands-on workshops for K-3 teachers. Each workshop provides examples for a particular type of literacy workstation. Teachers have an opportunity to make and take a series of games and activities that they will be able to use in their classrooms right away.

For information please contact: Susan Thacker Gwaltney: 757-552-1890 x311 or susantg@virginia.edu

What participants say about our workshops...

*It is wonderful to walk away with effective activities that are right on the level of my students—activities I can use Monday morning! My students are going to love them!*

*Reading theory in action—I have been waiting for a workshop like this!*

*It was exactly what I needed—PRACTICAL and USEFUL!!! The workshop was hands-on, interactive, and incredibly organized!*
