

Leapin' Lily Pads

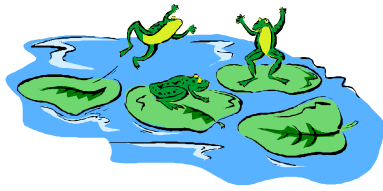

Directions

- Place the word cards face down in a pile.
- Roll the dice.
- Move the playing piece the correct number of spaces.
- Read one word card for every "frog" on the lily-pad.
- Continue playing until a player reaches *finished*.

Variations:

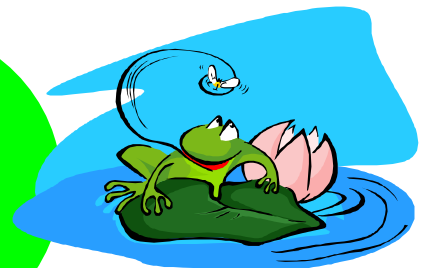

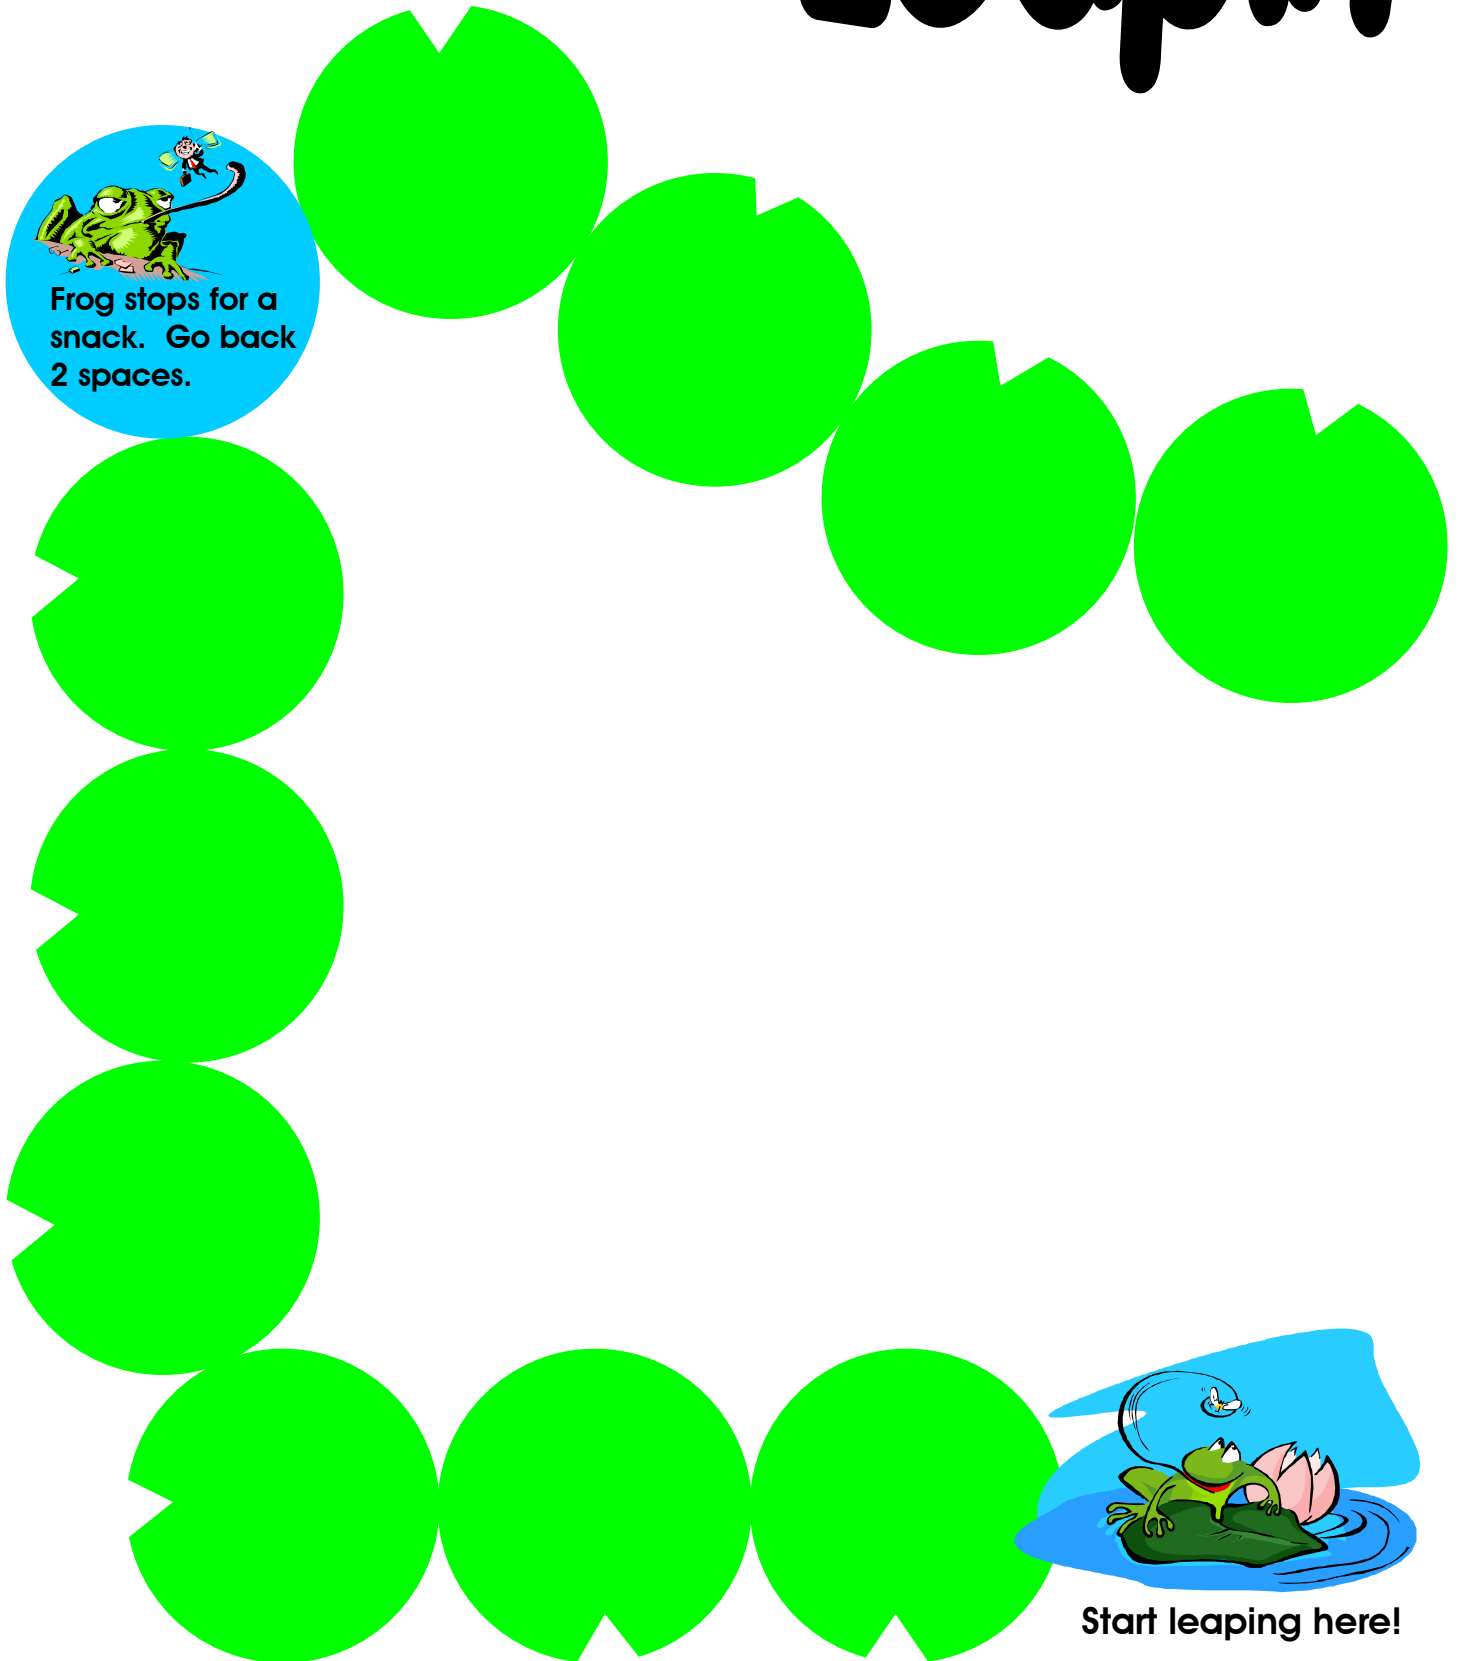

- Write one word for each frog on the lily pad.
- Read one word for each frog on the lily pad and then sort the words by feature.
- "Put them Back"- Deal the word cards evenly to the players. Follow the directions above except instead of reading word cards from the "pile," the players read cards from their hand of cards. After reading a word card, the player puts it back into a "community pile" on the gameboard. The first player to get rid of all his cards wins.
- "RACE THE TIMER" – Set the timer. Move the playing piece around the gameboard, hopping from lily pad to lily pad (do not use a dice). Read as many words as possible before the timer runs out.

Leapin'

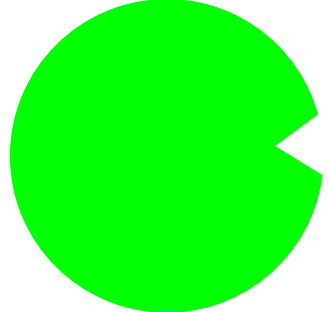

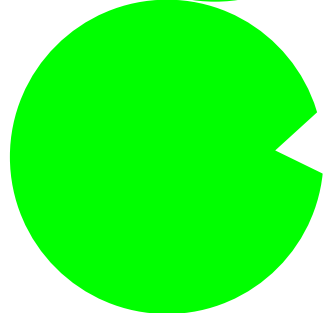

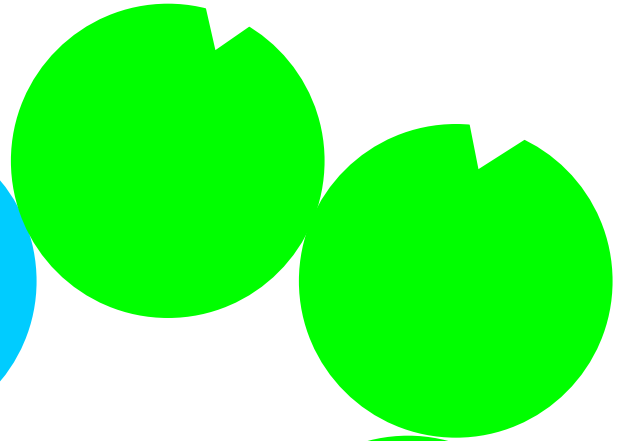

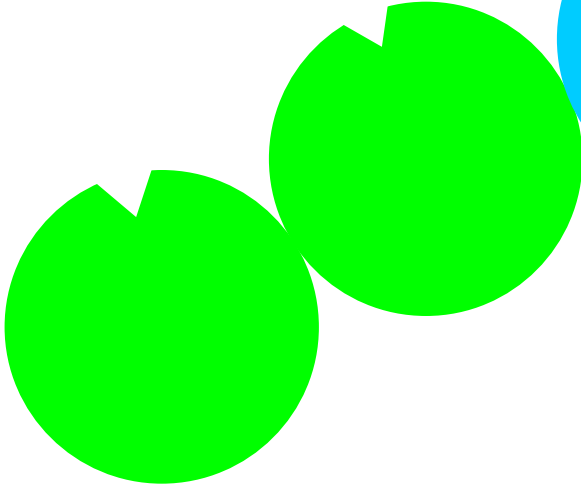

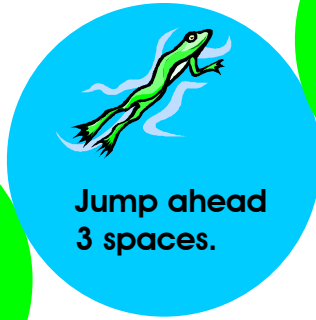

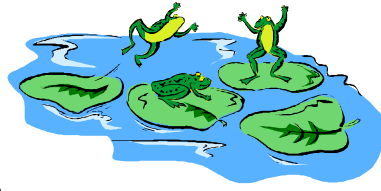

Frog stops for a snack. Go back 2 spaces.

Start leaping here!
